WARM-UPS:

The warm-up period for all sessions will be as described per the included Niagara LSC procedure for warm-ups in a 10-lane course. No paddles or ancillary equipment may be used during the official warm-up period. Coaches are expected to supervise their athletes to ensure a safe warm-up period.

THE WARM-UP PROCEDURE BELOW WILL BE USED FOR THE EVENING FINALS SESSIONS ONLY!

Warm-up Procedures for the Evening 11 & Over FINALS Session.

Pre-Meet warm-up period

- Control/Supervise - Key words for safe warm-ups.
- Marshals should be actively supervising the warm-ups to ensure that proper procedures are followed.

General warm-up period

- The first 30-45 minutes are for general warm-ups in all lanes.
- There shall be **NO DIVING** off the blocks or the edge of the pool at this time.
- Outside Lanes - Kicking only.
- Inside Lanes - Swimming and pulling only; no paddles.
- No sprinting or pace work.

Specific warm-up period

- Last 30-45 minutes of pre-meet warm-up period.
- In a ten-lane pool, each lane shall be scheduled as follows:
- Lanes 1 & 10 push off one or two lengths & back, beginning at the starting end of the pool. Circle swimming only.
- Lanes 2 & 9 racing start only. Swim one length only. All swimmers begin at the starting end of the pool.
- Lanes 3, 4, 5, 6, 7, 8 general warm-ups only (as above) **NO DIVING**.

Important Points for Specific Warm-Up Period

- No diving in lanes other than those designated for racing dives. The blocks should be marked to remind swimmers that they should not dive.
- Start all swimmers in all lanes at the starting end of the pool.
- Coaches should stand at the starting end of the pool when verbally starting swimmers on sprint or pace work.
- Swimmers should be reminded by coaches that breaststrokers need more lead-time than freestylers or butterfly swimmers.
- Backstrokers should be reminded of the danger of leaving simultaneously with someone on the block. No one should be allowed on the starting block until the backstroker has executed his/her start.
- The announcer should announce lane changes and/or warm-up changes as per general and specific. The announcer can serve as the reminder of procedures.
- Coaches should maintain as much contact with their swimmers as possible - verbal and visual - throughout the warm-up period.
- The Coaches should understand that responsibility for supervision of their swimmers is the same at meets as when on deck at practice.
- Marshals have the authority through the Meet Director over the warm-up. A swimmer and/or Coach may be removed from the deck for interfering with the Marshals.
- When the number of participants for a meet session cannot be safely accommodated during the same warm-up period, warm up sessions should be split to provide a safe and adequate warm-up time for all.
- The meet Referee shall have responsibility to establish and enforce rules for safe conduct within the competitive pool during the duration of the swimming competition.
- The meet Safety Committee shall have responsibility for safety rules in all other areas during competition and shall assist the meet Referee in the competition pool if necessary.
- The meet Safety Committee shall have any person deliberately violating safety rules removed from the meet facility.
- There shall be at least one Marshal at each end of the pool to ensure the warm-up procedures will be followed.
- Warm-up procedures shall be enforced for any breaks scheduled during the competition.
- Discretion and common sense must be used when establishing procedures. The above procedures may be modified by the meet Referee according to the needs of the meet.

Procedures for Inclusion of Swimmers with Disabilities

- Athletes with a disability are welcome and shall provide advance notice of desired accommodations to the Meet Director.
- The athlete (or the athlete's coach) is responsible for notifying the session referee of any disability prior to the competition.
- With the recommendation of the Club Coach or Manager, the meet staff will determine where the swimmer best fits into the meet (seeded with their peers, seeded with their peers but in a shorter distance, seeded with younger swimmers, etc.) and will place them accordingly.
- Swimmers with disabilities who meet the qualifying time standards are guaranteed entry into the meet as long as all other entry criteria are met by the entry deadline, irrespective of the stated athlete capacity.
- Swimmers with disabilities who do not meet the attached time standards are welcome to participate, with a capacity of 40 athletes for the meet. Submit the applicable form included with this announcement with the Fee Reconciliation form attached to this announcement.
- Swimmers with disabilities may compete without having achieved the entry criteria above. However, they must provide a time for each event they enter. Swimmers with disabilities shall be entered on the form included on the next page. You can email this information – but all of the information on the entry form must be included in the email! Classification of a swimmer with a disability is irrelevant. Email to: adminofficial@wsabluefins.com.
- Swimmers with disabilities may compete in finals, earn awards and score points for their team in the same manner as the able-bodied swimmers.
- It is the responsibility of the swimmer, or his/her coach, to inform the Meet Referee of any disability-related accommodations he/she may need to compete. In addition, this information must be given in advance of the meet on the entry form. The Meet Referee shall determine any modifications that may be required. This information shall be relayed to the starter and stroke and turn judges. Visually impaired swimmers who require tappers must bring their own devices & individuals to use them.
- Aside from the norm, the meet staff has the ability to seed the swimmer with a disability in a number of ways. These options include seed the swimmer with others of the appropriate gender, allowing the swimmer to complete half the distance of their age group (swim the 100-yard backstroke during the 200 yard race), or swim with a younger age group where their entry time is similar to the able-bodied swimmers for the same distance (a 15 year old swimmer with a disability could swim the 100 freestyle with the 10 & under age group). The final meet results should show the swimmer with a disability listed in the correct age and event, regardless of where he/she actually competed. The Meet Referee may reassign the lane of a deaf swimmer if a required view of the strobe light is obscured, and the light cannot be repositioned.
- It is the responsibility of the USA Swimming Adapted Chair to provide the Meet Referee with current American Records for swimmers with disabilities. It is the swimmer's responsibility to complete and submit an application for an American Record should one be set. **See entry form beginning on next page.**
